- Inform the child care staff if your child has allergies or a medical condition they should be aware of.
- Our sickness policy is as follows: No fever, cold symptoms, colored runny noses or diarrhea. Please be considerate of other children.
- **No gum, peanuts or anything containing nut products, raisins, popcorn, grapes, oranges, fruit snacks due to choking hazard.**
- **Snacks that are allowed: Cheerio's, Gold Fish, Animal Crackers, Dry Snacks that are not a choking or allergy hazard.**
- Be aware there are other children that use the facility that do have allergies
- Please label cups, snacks, personal toys and diaper bags (labels are provided).
- We are not permitted to change diapers, but we will find or page you to tend to a soiled diaper or if child is upset.
- "Kid Friendly" TV is available.
- If this is your child's first time in a child care situation we suggest you might want to come in 15mins early to acclimate your child to the room and child care staff.
- **In the event of an evacuation emergency** – pick up point for your child will be the SW corner of the parking lot (UNDER THE FLAG POLES).

If you have any other questions of concerns please approach staff or call child care phone # 525-9319 or supervisor Lisa Rumer # 525-9317.
